Dear Mrs. Dana:

This is in response to your letter of April 1, 1974, to Mr. George Saito of our office concerning the possible closure of Sunset Junior High School. We trust that the Board Members of the Highline School District will give due consideration to your views for closing Sunset Junior High School at the end of this school year.

As you know, Sunset Junior High School is within the area which the Port of Seattle has proposed for acquisition under our Airport Development Aid Program. We have been working with the Port of Seattle in the environmental impact statement review process on this proposed action. Please be assured that we are giving careful consideration to the inclusion of both Sunset Junior High School and Maywood Elementary School in the proposed action with regard to the required environmental impact statement.

Sincerely,

George L. Buley
