

Dear Highline Forum Members --

On **November 12th**, a Wednesday, the Soundside Alliance Executive Committee will hold a joint meeting with the Highline Forum to discuss and promote their shared 2015 Economic Development Legislative Positions for SW King County.

The meeting will be from 11 AM to 1 PM at **Highline College's Building 2**. Lunch will be provided. **Please respond whether you plan on attending or not.**

Local members of the Washington State Legislature are being invited to the meeting so they can hear directly from the Highline Forum and Soundside Alliance partners on the combined membership's shared legislative priorities for SW King County.

A final draft of the 2015 legislative positions is attached for your input. Please send me any suggested edits to the positions by the end of the week.

Expect a draft meeting agenda and the names of the attending Washington State Legislature members in the coming weeks.

Thank you.
