

Appendix A: List of NPIAS Airports with Activity and Development Estimate

EXPLANATION OF TERMS AND ABBREVIATIONS USED IN APPENDIX A

State Indicates State, District of Columbia, or territory (Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands).

City The city generally associated with the airport.

Airport The official name of the airport or designated abbreviation.

LocID The unique airport location identifier for an airport.

Ownership Indicates airport ownership:

- PU – Public
- PR – Private
- M – Military (Army, Navy, Air Force, Coast Guard)
- NA – Native American

Category There are four statutory airport categories, which describes the type of service the airport currently provides to the community and is anticipated to provide at the end of the 5-year planning period. These categories may affect the distribution of Federal aid.

- P – Commercial Service – Primary
- CS – Commercial Service – Nonprimary
- R – Reliever Airport
- GA – General Aviation Airport

New airports planned to open beyond the 5-year period are not shown in appendix A; however, any 5-year costs associated with the development of these airports are included in table 5.

Hub The term “hub” is defined in statute to delineate commercial service airports based on percentage of total passenger enplanements (see appendix C for further details). Primary commercial service airports are grouped into four categories:

- L – Large Hub
- M – Medium Hub
- S – Small Hub
- N – Nonhub

Role Facilities serving mostly general aviation operations were placed in categories based on current activity measures (e.g., number and type of based aircraft and volume and type of flights). There are five categories:

- National
- Regional
- Local
- Basic
- Unclassified

Enplaned The number of revenue passengers that boarded aircraft at the airport during CY 2018 (FY 2020).

Based Aircraft The number of registered aircraft hangared or based at the airport. Included in these counts are single engine, multiengine, jets, and helicopters as reported by the airport and verified through the N number registry. Not included in these totals are military aircraft, ultra-lights, gliders, and balloons.

Development Estimate The 5-year estimate of airport improvements that are eligible for Federal development grants under the AIP.

Costs associated with planning (master plans, regional and State system plans, and environmental studies) are not captured in the development cost total. For the 5-year period covered by this NPIAS, planning costs total \$392 million.

Note: The development and activity data (enplanements and based aircraft) presented in these tables was largely compiled in 2019 with adjustments through February 13, 2020. Airport categories in this NPIAS do not reflect the changes in airline or passenger demand and activity levels due to the COVID-19 public health emergency.

State Summary

State	Total Airports	Private Use	Public Use	Total Existing NPIAS	L	M	S	N	Subtotal Primary	National	Regional	Local	Basic	Unclassified	Subtotal Nonprimary

AK	Sitka	New	+09Q	GA	\$29,444,444
IL	Chicago	New	+07W	P	\$40,000,000
KY	Sparta	New	+071	GA	\$5,677,434

Note: This appendix does not identify new airports (planning sites) expected to be under development beyond 2025. Inclusion of a planning site in the NPIAS does not represent actual approval of the proposed airport, nor does it mean that the FAA has drawn a final conclusion about the need for the proposed airport.
