The Airport Communities Coalition has filed a motion requesting permission to file and overlength brief. Due to the date on which the motion was filed (simultaneous with the filing of the lengthy reply) and the time remaining before the hearing on this matter, the Board feels constrained in the remedy it can impose for the Appellant's failure to comply with the earlier order and stipulation. The excess documentation most likely precludes a speedy response by the Board on the motion to stay the effectiveness of the Section 401 permit. For these reasons, the Board reluctantly grants Appellant's motion to file an overlength reply brief.

ORDER

Appellant's motion to permit the filing of an overlength brief is reluctantly granted.

SO ORDERED this 10th day of October, 2001.
