Welcome! I understand from Ray Hellwig that you will be replacing Tom Luster in the 401 permit negotiations with the Port of Seattle.

To help bring you up to speed on this negotiation process, I am attaching meeting notes from each 401 permit negotiation held during this process.

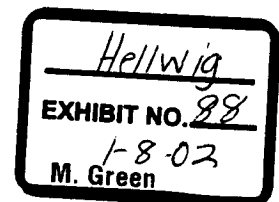

Additionally, I understand that you will be available to participate in the upcoming scheduled negotiation meetings. They are as follows:  
This Friday, 10/27 at Ecology NWRO from 9:30-4:00. The agenda at this meeting will cover Stormwater Master Plan status discussion, comments on the draft 10/20 notes, and an update on the work being done to calculate base flows for each basin.  
Tuesday 10/31 HALLOWEEN at Ecology NWRO from 8:00-11:00 (another meeting follows that is separate from the 401 negotiations).

I hope that you are available to attend. Further discussions and meetings will be determined as this process proceeds.

If you have questions for us, please contact either myself or Kate Snider at 206-292-2078 and we will do what we can to help.
