Dear Ms. Leavitt,

I am working on the three month CZM status letter. In reviewing your application it would be helpful if you could provide me with copies of the following permits or approvals:

1. The shoreline exemption letter issued by the City of Auburn on 8/9/00.
2. The documentation regarding air quality compliance: the Certification issued by the Governor on 6/30/97 and the permit issued by PSCAA on 9/21/99.

Thanks.
