John - thanks. I have talked to joe and left a voice mail message and e-mail to tom with no response. I will follow up to try to get a response from tom. I have set up a meeting with gov and port, awb and unions, tentatively set for may 16 at 2pm to try to move this along.

Martha,

Martha,

Have you heard anything new from the port or DOE? It seems to me that there should be a mtg of the minds abt major milestones (& a commitment to them) between Tom F & Gina Marie. Otherwise, the current deadlines may not mean too much. Another option would be for you to talk to Tom.

Right now, I'm monitoring periodically but not trying to make anything in particular happen. What are your thoughts?

John
