- QIBS w/ modeling - errors?
- As will be integrated into ⁴⁰¹ P901 process
- AK advised POS - better provide complete / accurate doc.

not reasonable to hold port to mitigation based on mistake - if no impact - no impact (OS reduced impact)

KL consultant must agree - on 401 stacks at 15 per impact calculation & mit requirements

adjust 401 req. - as appear per gov info submitted as required by 401 T & C ES. We review & approve - per x, y, z - then AK
