Subject: RE: PDA Request re Third Runway: Documents Regarding CZM Consistency

Dear Ms. Kenny:

Thank you for your responses. Could you please tell me whether the Port submitted any attachments with its Certification of CZM Consistency (either the January 10, 2001 version, or any other version)? If there were attachments, please identify them by title, author and date.

Thanks very much for your assistance.

Andrea Grad

Subject: FW: PDA Request re Third Runway: Documents Regarding CZM Consistency

Andrea:

To further clarify the e-mail below. I have released all of the documents that I was holding as deliberative. As stated in my e-mail to you of August 10th, I am working with other staff to determine if they have additional materials that were previously withheld or were not disclosed. As indicated in that e-mail, it may take a couple of weeks to complete this process.

Please call if you have any questions.

Ann

Subject: RE: PDA Request re Third Runway: Documents Regarding CZM Consistency

Dear Ms. Grad;

I have already included all documents pertaining to CZM in response to the public disclosure requests that you have been submitting to us on a weekly or so basis. CZM and 401 were considered concurrently so there are no separate files or information that pertain only to CZM. Any information that was previously withheld as deliberative has already been provided to your office. Likewise, I have already identified attorney-client privilege documents in previous logs.

If you have further questions please call me at 425-649-4310.

Ann Kenny

Subject: PDA Request re Third Runway: Documents Regarding CZM
Consistency

Pursuant to the Public Disclosure Act, please provide us with copies of all documents submitted to Ecology by the Port of Seattle (or its contractors or representatives) or prepared by Ecology relating to the Sea-Tac third runway project's consistency with the enforceable policies of the Coastal Zone Management Program and complimentary state policies and programs. This includes but is not limited to all documents submitted by the Port in support of its Certification of Consistency with the Washington State CZM Program (revised date: January 10, 2001), as well as all letters, memos, reports, analyses, data, emails (including their attachments), notes of telephone conversations, meeting notes, other handwritten notes, briefing or meeting preparation materials, and any other form of data, documentation or communication.

This request includes documents received or generated by anyone at Ecology's Northwest Regional Office as well as its Lacey Office/Headquarters.

If any documents are withheld due to attorney-client privilege, please provide a log of such documents in accordance with the Act.

Thank you in advance for your assistance. Please call me when the documents are ready to be picked up. If you have any questions about this request, please let me know.

Sincerely,

Andrea Grad
