PROJECT NAME POS - Third runway  
DATE 4/7/99 TIME 15:00  
BY Linda Logan

ROUTE TO:

Project file

- Called Kevin to ask if ~~the~~ Ecology could proceed with reviewing the outline for the WER workplan & our approach to the moving zones at same time as evaluating BMB at existing outfalls?
- Kevin said this is not the way they want to go - Ecology needs to have assurance that BMB are being met or will be met for existing outfalls before we can proceed with other activities.
