- Called Elizabeth regarding questions she had about the WER outline & review & moving zones.
- Elizabeth OK with PMX discussing WER outline directly with Kevin Fitzpatrick and Mark Hicks. ~~Ken~~ wants them to feel part of the process.
- Based on previous conversation between Elizabeth & Ken, Elizabeth would like us to re-visit the missing zone task soon.
- Then, need to discuss w. Kevin on March 25th. ~~is~~ his reservation technical or political.
- I told Elizabeth we were currently putting our thoughts down on paper w.r.t. missing zones & so could discuss soon.
- I asked Elizabeth about the Ports review of the WER workplan outline. She agreed Scott would like to review but given he is out of town - don't delay & he can review next week at same time as Ecology.
