Subject: RCMA Information on Air Capacity Issues

Dear Senator Skratk:

Enclosed is the book Jeff Newell suggested we send. It contains many of our executive summaries and charts covering air capacity issues. Since expansion of Sea-Tac can negatively affect so many people, I urge you to review this critical information.

We would love 30 minutes of your, or Jeff's time, before the final Transportation Policy Board vote on March 4. Please call me at 241-1619 if this is possible. Thank you!

Sincerely,

K. Selivanoff Parker
