Department of Transportation

Long-Term Air Transportation Study

# Washington Aviation System Plan

July 2009

**This page left intentionally blank**

The following statement is provided as required by Paragraph 429.a of Federal Aviation Administration (FAA) Order 5100.38, Airport Improvement Program (AIP) Handbook:

The preparation of this document was financed in part through a planning grant (AIP 3-53-0000-05) from the FAA as provided under Section 505 of the Airport and Airway Improvement Act of 1982. The contents do not necessarily reflect the official views or policy of the FAA. Acceptance of this report by the FAA does not in any way constitute a commitment on the part of the United States to participate in any development depicted therein; nor does it indicate that the proposed development is environmentally acceptable in accordance with appropriate public laws.

In addition, this report was partially funded by grants from Washington State.

The report was developed through a joint effort with the Washington State Department of Transportation (WSDOT Aviation) and the SH&E study team, which included Simat, Helliesen & Eichner, Inc. (SH&E), WHPacific, URS Corp., PRR, and Cambridge Systematics, Inc. (CSI).

WSDOT Aviation expresses its appreciation to airport sponsors and the LATS Technical Advisory Committee for their participation in the development of this report.

# TABLE OF CONTENTS

---

<b>Table of Exhibits .....</b>	<b>iv</b>
<b>Acknowledgements .....</b>	<b>1</b>
<b>Executive Summary .....</b>	<b>1</b>
<b>Chapter 1: Study Overview.....</b>	<b>41</b>
Introduction.....	41
Washington State Long-Term Air Transportation Study (LATS).....	42
Washington Aviation System Plan (WASP).....	47
<b>Chapter 2: Washington Public Airports .....</b>	<b>51</b>
Introduction.....	51
Public Airports Overview .....	54
Washington State Airport Classification System.....	58
<b>Chapter 3: Statewide Activity.....</b>	<b>73</b>
Introduction.....	73
Commercial Passenger Service Overview .....	74
General Aviation Overview .....	81
Air Cargo Overview.....	84
<b>Chapter 4: Regional Activity .....</b>	<b>87</b>
Introduction to Special Emphasis Regions .....	87
Puget Sound Region .....	88
Southwest Region .....	92
Spokane Region .....	95
Tri-Cities Region .....	97
Other Regions of the State .....	99
<b>Chapter 5: Aviation Trends .....</b>	<b>103</b>
Current Commercial Service Trends.....	103
Current General Aviation Trends.....	111

<b>Chapter 6: System Performance</b> .....	<b>115</b>
Washington State Performance Objectives.....	115
Washington State System Performance .....	127
<b>Chapter 7: Activity Forecast</b> .....	<b>133</b>
Purpose and Scope of Activity Forecasts.....	133
Washington Commercial Activity Forecast.....	134
Washington General Aviation Activity Forecast .....	137
Washington Air Cargo Activity Forecast .....	143
<b>Chapter 8: Capacity Analysis</b> .....	<b>147</b>
Airfield Capacity.....	149
Passenger Terminal Capacity.....	156
Aircraft Storage Capacity .....	160
Air Cargo Capacity .....	165
Airspace Analysis .....	168
<b>Chapter 9: Alternate Airports Assessment</b> .....	<b>169</b>
Background and Purpose .....	169
Capacity Constraints at Washington Airports.....	171
First Level Identification of Potential Alternate Airports.....	174
First Level Identification of Potential Alternate Airports.....	175
<b>Chapter 10: Public Process</b> .....	<b>183</b>
Regional Public Meetings .....	184
Electronic Town Halls .....	189
Online Survey .....	196
<b>Chapter 11: Aviation System Policies</b> .....	<b>203</b>
LATS Policy Development Process.....	203
Aviation Policy Areas.....	206
Aviation Policy Recommendations.....	207

**Appendix A: Detailed Table of the Washington State Airports .....217**

**Appendix B: Aviation Stakeholders ..... 223**

**Appendix C: List of LATS Technical Reports and Technical Memorandums ..... 229**

**Appendix D: Glossary..... 231**

    Airport Abbreviations .....233

    Definitions .....235

**Appendix E: Bibliography ..... 251**

# TABLE OF EXHIBITS

---

Exhibit ES-1:	The Three Phases of LATS .....	2
Exhibit ES-2:	The Washington Aviation System Plan Components .....	4
Exhibit ES-3:	Washington State Special Emphasis Regions .....	5
Exhibit ES-4:	Distribution of Airports by Classification .....	8
Exhibit ES-5:	Washington State Public Use Airports System .....	10
Exhibit ES-6:	Performance Objectives and Their Applicability to Airport Classifications.....	12
Exhibit ES-7:	Commercial Service Airports Performance Assessment.....	14
Exhibit ES-8:	Regional Service Airports Performance Assessment .....	14
Exhibit ES-9:	Community Service Airports Performance Assessment.....	15
Exhibit ES-10:	Local Service Airports Performance Assessment .....	15
Exhibit ES-11:	Rural Essential Airports Performance Assessment .....	16
Exhibit ES-12:	Seaplane Bases Performance Assessment .....	16
Exhibit ES-13:	Washington Airports Expected to Approach or Exceed 100% Capacity by 2030.....	20
Exhibit ES-14:	Airports Exceeding 100 Percent of Operations Capacity by 2030.....	23
Exhibit ES-15:	Airports at 60 Percent Capacity by 2030.....	24
Exhibit ES-16:	Passenger Terminal Expansion Requirements .....	25
Exhibit ES-17:	Airports Exceeding Aircraft Storage Capacity by 2030.....	28
Exhibit ES-18:	Amtrak Coast Starlight Service.....	32
Exhibit ES-19:	Amtrak Empire Builder Service .....	32
Exhibit ES-20:	Amtrak Cascades Service.....	32
Exhibit ES-21:	Washington Aviation System Planning Hierarchy.....	34
Exhibit 1-1:	The Three Phases of LATS .....	43
Exhibit 1-2:	Washington’s Aviation System Planning Hierarchy .....	48
Exhibit 1-3:	The Washington Aviation System Plan Components .....	49
Exhibit 2-1:	Washington State Public Use Airports.....	53
Exhibit 2-2:	NPIAS Airports.....	56
Exhibit 2-3:	Non-NPIAS Airports.....	57
Exhibit 2-4:	Distribution of Airports by Classification .....	60
Exhibit 2-5:	State Classification – Commercial Service Airports .....	61
Exhibit 2-6:	Commercial Service Airports.....	61
Exhibit 2-7:	State Classification – Regional Service Airports .....	63

Exhibit 2-8:	Regional Service Airports .....	64
Exhibit 2-9:	Access to Regional Service Airports and Comparable Commercial Service Airports.....	65
Exhibit 2-10:	State Classification – Community Service Airports.....	66
Exhibit 2-11:	Community Service Airports.....	67
Exhibit 2-12:	State Classification – Local Service Airports.....	67
Exhibit 2-13:	Local Service Airports.....	68
Exhibit 2-14:	State Classification – Rural Essential Airports .....	69
Exhibit 2-15:	Rural Essential Airports .....	70
Exhibit 2-16:	State Classification – Seaplane Bases .....	71
Exhibit 2-17:	Seaplane Bases .....	71
Exhibit 3-1:	Washington Airports with Commercial Passenger Service.....	75
Exhibit 3-2:	Map of Washington Airports with Commercial Passenger Service .....	75
Exhibit 3-3:	Airports Ranked by Passenger Enplanements, <i>CY 2006</i> .....	76
Exhibit 3-4:	Washington State Commercial Airport Route Maps, <i>April 2007</i> .....	77
Exhibit 3-5:	Washington State Fleet Mix, <i>2005</i> .....	82
Exhibit 3-6:	Washington State Based Aircraft by RTPO, <i>2005</i> .....	82
Exhibit 3-7:	Puget Sound Region Share of Washington State Based Aircraft by Type, <i>2005</i> .....	83
Exhibit 3-8:	2005 Washington State Top 24 Airports in Air Cargo Tonnage.....	85
Exhibit 3-9:	2005 Washington State Air Freight Tonnage Share by Region .....	86
Exhibit 4-1:	Washington Special Emphasis Regions .....	87
Exhibit 4-2:	Puget Sound Region .....	88
Exhibit 4-3:	Airports in the Puget Sound Region SER .....	89
Exhibit 4-4:	Southwest Region.....	92
Exhibit 4-5:	Airports in the Southwest Washington SER .....	93
Exhibit 4-6:	The Spokane Region .....	95
Exhibit 4-7:	Airports in the Spokane SER.....	96
Exhibit 4-8:	The Tri-Cities Region.....	97
Exhibit 4-9:	Airports in the Tri-Cities SER.....	98
Exhibit 4-10:	Small Commercial Airports in Washington That Have Lost All or Significant Commercial Scheduled Service, <i>August 1995 – August 2005</i> .....	100
Exhibit 5-1:	U.S. Major Airlines /1 Operating Profit, <i>2000 to 2006</i> .....	104
Exhibit 5-2:	Average Domestic Passenger Load Factors for U.S. Airlines.....	105
Exhibit 5-3:	U.S. Low-Fare Carrier Share of Total Domestic Nonstop Seats, <i>1990–2006</i> .....	106

Exhibit 5-4:	Average Aircraft Seat Size for U.S. Regional Airlines, <i>August 1995 - August 2006</i> .....	108
Exhibit 5-5:	Lost Service by Airport Hub Type, <i>2000 vs. 2007</i> .....	109
Exhibit 6-1:	Performance Objectives and Their Applicability to Airport Classifications....	116
Exhibit 6-2:	Runway Length Performance Objectives.....	121
Exhibit 6-3:	Commercial Service Airports Performance Assessment.....	127
Exhibit 6-4:	Regional Service Airports Performance Assessment.....	128
Exhibit 6-5:	Community Service Airports Performance Assessment.....	129
Exhibit 6-6:	Local Service Airports Performance Assessment.....	130
Exhibit 6-7:	Rural Essential Airports Performance Assessment.....	131
Exhibit 6-8:	Seaplane Bases Performance Assessment.....	132
Exhibit 7-1:	Washington State Commercial Service Airports: Projected Growth in Passenger Enplanements <i>In Thousands, 2005 – 2030</i> .....	135
Exhibit 7-2:	Washington State Commercial Service Airports: Share of Total State Passenger Enplanements, <i>2005 Actual vs. 2030 Projected</i> .....	135
Exhibit 7-3:	Washington State Commercial Service Airports: Projected Growth in Commercial Aircraft Operations, <i>2005 – 2030</i> .....	137
Exhibit 7-4:	Washington State RTPO Based Aircraft Growth, <i>2005–2030</i> .....	138
Exhibit 7-5:	RTPO Share of Washington State Based Aircraft, <i>2005–2030</i> .....	139
Exhibit 7-6:	Washington State RTPO GA Operations Forecast, <i>2005–2030</i> .....	140
Exhibit 7-7:	RTPO Shares of Washington State GA Operations, <i>2005-2030</i> .....	141
Exhibit 7-8:	Based Aircraft By Special Emphasis Region, <i>2005–2030</i> .....	142
Exhibit 7-9:	GA Operations By Special Emphasis Region, <i>2005–2030</i> .....	142
Exhibit 7-10:	Washington State Air Cargo Volume (Tons) Forecast by Cargo Type.....	143
Exhibit 7-11:	Air Cargo Forecast Concentration.....	144
Exhibit 7-12:	Washington State Current and Forecast All-Cargo Operations by Aircraft Type.....	145
Exhibit 7-13:	Washington Air Cargo Volume / Operations Forecast.....	146
Exhibit 8-1:	Washington Airports Expected to Approach or Exceed 100% Capacity by 2030.....	148
Exhibit 8-2:	Current State System Capacity by Airport Service Classification.....	150
Exhibit 8-3:	2005 Operations as Percent of Current Capacity by Airport Service Classification.....	150
Exhibit 8-4:	2005 Operations as Percent of Current Capacity by RTPO.....	151
Exhibit 8-5:	Washington Airports Over 60 Percent Operations Capacity as of 2005.....	152
Exhibit 8-6:	2005 vs. 2030 Demand by Service Classification.....	152
Exhibit 8-7:	2030 Operations Distribution by RTPO.....	154

Exhibit 8-8:	Airports with Anticipated Constraints in Operations Capacity by 2030.....	155
Exhibit 8-9:	Washington Airports with Scheduled Passenger Service, 2005.....	157
Exhibit 8-10:	Peak Hour Enplaned Passenger Forecasts v. Terminal Capacity .....	159
Exhibit 8-11:	2005 Washington State Aircraft Storage Demand versus Capacity by RTPO.....	161
Exhibit 8-12:	Statewide Aircraft Storage Capacity Shortfalls, in number of storage positions.....	163
Exhibit 8-13:	2030 Washington State Aircraft Storage Demand versus Capacity by RTPO.....	164
Exhibit 8-14:	Air Cargo Tonnage at Top 10 Washington Airports, 2005 .....	166
Exhibit 9-1:	Airports Forecast to Exceed Airfield and/or Passenger Terminal Capacity in 2030.....	171
Exhibit 9-2:	Airports Forecast to Exceed Aircraft Storage Capacity Only in 2030 .....	171
Exhibit 9-3:	Airports Expected to Experience Airfield Constraints in 2030.....	172
Exhibit 9-4:	Airports Expected to Experience Terminal Constraints in 2030.....	173
Exhibit 9-5:	Airports Expected to Experience Aircraft Storage Constraints in 2030.....	174
Exhibit 9-6:	Potential Alternate Airports for Sea-Tac (SEA).....	176
Exhibit 9-7:	Potential Alternate Airports for Boeing Field (BFI) .....	178
Exhibit 9-8:	Potential Alternate Airports For Washington Commercial Service Airports with Expected Constraints in 2030.....	180
Exhibit 9-9:	Potential Alternate Airports For Washington Regional Service Airports with Expected Constraints in 2030.....	180
Exhibit 9-10:	Potential Alternate Airports For Washington Community Service, Local Service and Recreation/Remote Airports with Expected Constraints in 2030.....	181
Exhibit 11-1:	Washington Aviation System Planning Hierarchy.....	203

# ACKNOWLEDGEMENTS

---

## ***Washington Aviation Planning Council***

Carol Moser (Chair), Washington State Transportation Commission  
Member  
Paul A. Roberts (Vice Chair), Western Washington Public Representative  
John Sibold, Aviation Director Washington State Department  
Transportation  
John Townsley, Eastern Washington Public Representative  
David Field, FAA Technical Expert  
Gratton O. Sealock (Neal), Spokane International Airport Manager  
James McNamara, Western Growth Management Hearings Board  
(GMHB) Member  
Penelope L. Loomis, Washington Airport Management Association  
Representative  
Donald Garvett, Airline Representative  
Juli Wilkerson, Director Washington State Department of Community  
Trade and Economic Development\*

*\*Ms. Wilkerson retired in 2009 and was replaced by Larry Williams,  
Deputy Director*

## ***WSDOT Aviation Staff***

John Shambaugh, Project Manager  
Nisha Marvel, Aviation Communications  
Krishan Aggarwal, Fiscal Manager  
Marilee Pribble, Executive Assistant  
Tracy Paul, Aircraft Registration

## ***LATS Consultant Team***

Deborah Meehan, SH&E  
David Hollander, SH&E  
Sonjia Murray, SH&E  
Mark Diamond, SH&E  
Helen Lin, SH&E

Rita Brogan, PRR  
Kimbra Wellock, PRR

John Yarnish, URS

Sara Funk, WHPacific

David Williams, WHPacific

Kevin Tierney, Cambridge Systematics

**FAA**

Mary Vargas, FAA Seattle Airports District Office

**Other Contributors**

Leonard Bauer, Growth Management Services, Washington Department of Community, Trade, and Economic Development

Mike Boggs, Mead & Hunt

Joelle Briggs, Regional Compliance Manager, Northwest Mountain Region, FAA

Michael Cheyne, SeaTac Airport

Dick Ford, Washington Transportation Commission

Mike Meigs, FAA, Office of Runway Safety

Bill McCready, Knowledge Networks

Paul Parker, Senior Policy Analyst, Washington Transportation Commission

Dennis Roberts, FAA Regional Administrator

Jack Scott, Regional Pavement Engineer, FAA Northwest Region,

Elizabeth Stratton, Freight Policy and Project Manager, WSDOT

Kerri Woehler, WSDOT

Paul Wolf, Construction Project Manager, WSDOT Aviation

Special acknowledgement to all the Washington airports, who contributed to the study through their provision of data and feedback and review of study findings.
