Ms. Jean Pihlman
Zone 3
21251 - 21st Ave. S.
Seattle, Wa. 98188

Dear Ms. Pihlman,

The STCP is the PLAN adopted by the Port of Seattle and King County. The major thrust of that PLAN addresses the airport and its noise impacted areas.

The Policy Advisory Committee is the group that monitors the PLAN. It is critical that the Port of Seattle and King County understand the needs of those most affected by the PLAN - therefore I would urge that the citizen representatives in that committee come from the noise impacted areas.

Sincerely,

A handwritten signature in cursive script that reads "John Jovanovich".
