TO: Sea/Tac Noise/Air Pollution Impacted Community Residents

SUBJECT: Noise Study Update Report and Legal Action Discussion

Our community meetings in 1980 and 1981 involved discussion of the possibility of legal action against the Port of Seattle (POS), with such action deferred pending the completion of the Noise Update Study.

The study is complete and the results are in . . . without a solution to our noise problem. That is why I have invited an attorney to the subject meeting to discuss the processes that would be involved in our taking legal action against the POS.

Mark your calendar to attend this meeting in the Highline School District Board Room in ERAC on January 26, 1983, at 7:30 P.M. The address is 15675 Ambaum Blvd. S. W. in Burien.

If you are dissatisfied with the Port's callous disregard for the neighborhood noise problem, then your attendance of subject meeting is a must. Don't forget! *Bring a neighbor.*

Sincerely,

Bill Holstine
Bill Holstine

P.S. An M.D. has also been invited to speak to us about the issue of stress in high noise areas.

P.S. There will be a follow-up meeting in this same location on February 2nd at 7:30 P.M. to further discuss our intended action.
